Client Computing

COLAMCO's client computing services allow you to find the complete solution for your business's IT needs utilizing a broad range of products from desktops, notebooks and tablets to workstations and thin clients. At COLAMCO we want to provide you the ability to stay connected whether you're on the road, at home or in the office. Utilizing our experience we can find you the right combination of products from a variety of manufacturers like Dell, HP, and Lenovo to determine the right product set for your business.

Customers will realize the following benefits:

End-to-end coverage— Using COLAMCO's expertise in the industry allows you to focus on your business, while we focus on finding the right solution for your IT needs and provide you with the products that exceed your expectations.

Flexibility— COLAMCO bridges the gap with the various manufacturers to determine the right product set for you, regardless of brand, getting the best product that fits your needs.

Anytime access— Giving you the ability to work from home, work, or on the road with access to the same information from multiple devices

Visibility—Supplies tracking and usage reports provide management insight into consumption levels comparing actual usage against forecasts, color usage, and other trend information to help manage and optimize the overall print environment
