

COLAMCO SERVICES

# MAINTENANCE

COLAMCO offers IT maintenance services spanning all key platforms and manufacturers. By partnering with COLAMCO, you can decrease your number of contracts and vendors, leaving the work to us.

## OUR SERVICES

### Hardware Support

Minimize downtime and streamline support by utilizing COLAMCO's expert maintenance staff.

### OS Support

Feel confident with our 24/7 Operating System support with multiple vendors that provide consolidated service.

### Preventative Care

Using COLAMCO's preventative maintenance can save thousands of dollars and prevent disruption.

## END-TO-END SUPPORT.

## WHY CHOOSE COLAMCO?

Since 1982, we have been focused on streamlining IT services so you can focus on your business.

With our vendor agnostic approach, we provide you with reliability, while COLAMCO's remote network monitoring, software patch management and scheduled system reviews can detect/solve imminent problems.

Our United States-based Service Center provides support any time of the day so you can resume business fast.

## ABOUT US

COLAMCO is a leader in the information technology industry by delivering best in class technology and solutions to the world's leading companies.
