

COLAMCO SERVICES

REPORTING

With a customized online portal that allows you to track your IT assets in real-time, business reporting has never been easier or more efficient than with COLAMCO.

OUR SERVICES

Custom Reports

The MyCOLAMCO portal allows for customization that helps you see what's critical for your business.

Real-Time Data

Clients can track IT assets in real-time whether they send them directly to COLAMCO or we pick them up.

Details You Need

View order history/status, inventory availability, audit reporting, Certificates of Destruction, and much more.

ASSET MANAGEMENT IN REAL-TIME.

WHY CHOOSE COLAMCO?

COLAMCO remains at the forefront of IT asset recovery and inventory management.

COLAMCO offers customized and encrypted web-based solutions that enable IT asset tracking in real-time in a fully auditable process via a secure client login portal.

Ongoing support from COLAMCO is available at the click of a button, while tracking specific assets is readily available at anytime.
