

COLAMCO SERVICES

WAREHOUSING

Don't worry about where your IT assets can be securely stored, COLAMCO's large-scale capabilities to securely warehouse items for you removes the burden and lets you focus on your business.

OUR SERVICES

Secure Storage

Have peace of mind knowing your assets are stored in our fully insured and secure facility in Atlanta, GA.

24/7 Reporting

Utilize an online encrypted reporting portal and real-time online inventory management & ordering system.

Logistics Support

Complete logistics and supply chain management services make it easy to ship/receive critical items.

PEACE OF MIND WAREHOUSING

WHY CHOOSE COLAMCO?

Know your assets are safe with dedicated storage physically separated from assets from other customers.

All the inventory has dedicated storage physically separated from assets from other COLAMCO customers.

Not only does COLAMCO provide secure storage, forward/reverse logistics support, and 24/7 reporting, we can also remove IT equipment located at client sites nationally and internationally.

ABOUT US
